Yes, We are open this summer and autumn.

Together with responsible visitors who take into account the recommendations and regulations set by the Swedish authorities, we can together create a safe and secure visit in Sälen this summer.

We are following the recommendations of the Swedish authorities, the Swedish Tourist Association and Destination Sälen to make your stay both comfortable and safe.

We have put in place a number of precautionary measures based on government regulations and general advice.

|

We are confident that movement and an active lifestyle during this period is beneficial to all, most likely even more important than it has been in the past. be it hiking, fishing, cycling or just getting out in the fresh air.

|

Accommodation booking at Sälens Hostel for the summer and autumn is open via all our normal channels.
